PR No. 9/2008

Editorial Paintings announces a new round of paintings now on view in Gallery 1 at [www.editorialpaintings.com](http://www.editorialpaintings.com):

*New Constitution of the United States of America*

*Today on NBC*

*Commander-N-Sleep*

*Mayor*

We're moving toward a crisis with a lawless and unstable President, a reckless and lawless Vice President, an incompetent Secretary of State, and another oddball Neo-con for an Attorney General, who thinks his job is to be attorney to the President. The members of Congress don't seem to know what the Constitution is, and have decided to just wish-away unconstitutional actions of the Executive. And the media, well Americans know what they've become - caricatures talking to themselves.

Where do these kinds of problems begin? At the local level - the roots of patriot games.
